

skates are back on the shelf in the Utility room or where the furnace is. Louise's bike is still there. We got that for her when she was 8 years of age. It was her birthday and age. It was her birthday and age. It was her birthday and age. Louise's grandma (your little grandma) was here. Louise also got a croquet set & even Lottie played it. What a picture that was. The set ended up in N.C. Gie decided to stay home, Mark & Melissa have been calling me to come & stay all winter. I don't have their speed anymore, my age is catching up with me. I will be thinking of you & often as I always do. Merry Christmas with hugs & kisses to all.

Hello my dear ones:
 May you have a meaningful and Merry Christmas and may your New Year be happy all year long! Have fun whatever you do. Maybe it will snow lots & you can pretend you are in Michigan! Ha Ha Ha with your sled or ice skating here in Belleville! Have the boys ever had that experience? I believe my ice (Matthew and Jamie - what are your sports?)

Are you ready for the holidays? Kneen, no one over is - Ha. All good wanted was a big C. tree. We had a huge parade last night - St. Legit's out. Stents are lit up, even fair workers over the Lake! just super! They are put off the cemetery. Bridge next to the cemetery. Fact you & Albin go - to call & ring for me to be out, but I am - the whole show from my Artisan window. just fabulous! (307 - 9370 Hummily. Myint) (and. hug) 4 24 for tm ossaw.) We have a joyful holiday and may your home be filled with love and warmth your best type every season. Blessed are We,
 Love
